Filter by Type

Search | All types

Policy name	Type	Attached via
AmazonEC2FullAccess	AWS managed	Directly
IAMUserChangePassword	AWS managed	Directly
wgs	Customer managed	Directly

Permissions boundary (not set)

Generate policy based on CloudTrail events

You can generate a new policy based on the access activity for this user, then customize, create, and attach it to this role. AWS uses your CloudTrail events to identify the services and actions used and generate a policy. Learn more

Generate policy
